THE WESTERN REVIEW

DRAYTON VALLEY, ALBERTA

VOLUME IV, NO. 18 MAY 1, 1968. PRICE 10¢

At a farewell party in the Elks Hall Saturday evening Eric Edholm (centre) was presented with his Elks Lodge 15 year pin by Earl Kelly (R) and with gifts that included fishing tackle by Ed Hines on behalf of friends in the community.

Community Fetes Departing Pioneer

Eric Edholm, 82, a long-time resident of Drayton Valley, was honored at a farewell party in the Elks Hall Saturday evening. The party was staged by the Elks Lodge and his friends in the community.

Mr. Edholm, who has lived here for 54 years, is leaving this week to make his home at Summerland, B.C.

During the evening he was presented with his 15 year membership pin by Earl Kelly Exalted Ruler of the Drayton Valley Elks Lodge. On behalf of the community, Mr. Ed Hines presented him with gifts that included new fishing tackle to use on the trout around Summerland.

Mr. Edholm came to Drayton Valley in 1914 to help his brother-in-law Peter Anderson on his homestead. There was no road at the time and they tramped in the twenty-five miles from Entwistle with packs on their backs.

In 1915 he took up his own homestead on the northern edge of the present townsite and remained there until he sold the farm in 1947. The land was cleared by hand, interspersed with winter trips to B.C. to work in the logging camps to finance the next year's farming operations.

Mr. Edholm, a bachelor, was born in Sweden and emmigrated from there to Wyoming. He moved to Edmonton in 1912.

A rifle, he says, was a necessary piece of equipment in the early days to keep meat in the pot. Game was plentiful and kept the homesteaders going. At times he saw as many as seventeen moose in his pasture at one time and shot them in the barnyard.

After he sold his farm he bought the present Solo Store and operated it for five years. He also worked in the oil field during the boom before retiring.

Mr. Edholm says he has had enough of Alberta winters and is looking forward to his move to Summerland. The best wishes of the community go with him.

MAIN STREET

"Lucky for us its only flat at the bottom!"

Rotary Observes Charter Anniversary

Members and guests of the Drayton Valley Rotary Club celebrated the 13th Charter Anniversary at a party in the Cardium Room of the Drayton Valley Hotel Friday evening, April 26th.

The dining room was beautifully decorated in Rotary colors for the evening that started with a delicious roast beef dinner.

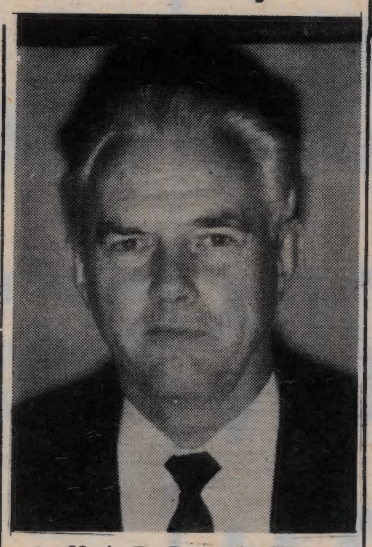
Guest speaker for the occasion was W.A.B. Saunders, P. Eng., Principal of Northern Alberta Institute of Technology in Edmonton who recently returned from Zambia where he acted as personal advisor to President Dr. Kenuth Kuanda on the problem of advancing technical training in their country.

Mr. Saunders, who was born in Calgary, received his degree at the University of New Brunswick and returned to Calgary as Vice-Principal of S.A.I.T. In 1962 he came to Edmonton as principal of N.A.I.T.

He outlined many of the factors contributing to the slow growth of technical training in Zambia and his proposals for improvement suggested to Dr. Kuanda.

In some cases, failure to make use of power equipment is slowing technical training, he said. Some trade schools, he noted, are still teaching apprentice construction workers in the use of hand tools only.

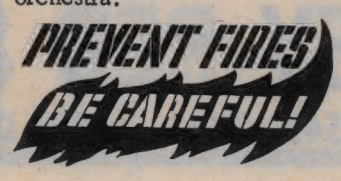
In many more cases, he said skilled operators are not available in the country to operate equipment already there.



W.A.B.Saunders

In tribute to the high regard in which Canadians are held in many of the emerging countries, Mr. Saunders pointed out that the president of Zambia insisted on a Canadian to help shape the country's training program.

Rotarians and their guests were entertained during the evening by magician Dennis Marlowe and dancing to the music of the Walter Frunchak orchestra.



ENTWISTLE LIBRARY OPENING

The official opening of the Entwistle Community Library will be held on Saturday, May 11th from 1:00 p.m. to 4:00 p.m. Lunch and coffee will be served.

Please note the regular hours: Tuesdays from 7 - 9 p.m. and Saturdays from 2 to 4 p.m.

Council Agrees to New Subdivision

At its last regular meeting on April 24 Town Council agreed to the proposal to open a new sub-division in the south east corner of the town. The site of the subdivision is to the east and north of Block 49.

Mrs. Mildred P. Lindgren of Edmonton is the owner of the property. Council urged that registration of the subdivision be proceeded with immediately in order that water and sewer services can be installed without delay.

Mrs. Lindgren asked that no local improvement frontages be charged against the lots until such time as they are sold to other owners. Council agreed with the request on the understanding that the sale price of the lots is to be in keeping with lot prices of the area at the time of sale, otherwise the agreement would be nullified

COUNCIL BRIEFS

Regular meeting in the Council Chamber of the Town Hall on Wednesday, April 24th.

* * * *

Council decided to re-advertise the town grader for sale with a reserve bid of $5,500.

* * * *

Agreements between Everall Construction for paving, curbs and gutters and Corrbild Engineering were accepted and the Mayor and Secretary empowered to sign and seal the documents.

* * * *

The recreation representative was asked to investigate the receation policy with a view to amending the clauses pertaining to grants for aiding cultural and recreational activities.

* * * *

Council authorized the purchase of a piano for the Centennial Civic Centre from Mr. K. Wardlow for the sum of $325.

Cont. on Page 2

Golf Club Elects Officers

The Drayton Valley Golf Club held its annual executive meeting April 23rd and election of officers for 1968 held.

The following is the new slate of officers: President, J. Wronko; Vice-President, H. Ganske; Secretary, D.B. Enyedy; Treasurer, D. Howarth; and Directors, J. Balen, F. Holan, D. Boulter, Bill Rose, Gunnar Neilson, Bert Telford, and Stan Metelski.

Membership and green fees will remain the same as last year. Family $40, Single men $25, Single women $15. Juniors and students $10. Daily green fees will be $1.00 per day effective May 1st. Memberships are due May 1st and may be obtained at starter shack everyday between 4:30 and 7:30 p.m. or by contacting Fred Holan or G. Neilson.

Tire Shop Changes Ownership

Ernie's Tire Sales and Service changed hands this week with the new owner Sigmund Moltzan taking over Wednesday, May 1st from Ernie and Cliff Lindskoog. Mr. Moltzan will operate the business under the name of Drayton Tire Sales and Service Ltd.

The new owner comes here from Barrhead. He will move his family here when schools close at the end of June.

Miles for Millions March Planned Here

A "Miles for Millions March" similar to that taking place in Edmonton on May 4th has been proposed for Drayton Valley on Saturday, May 11th.

Plans are still in the preliminary stage but support of some local organization has already been offered and the suggestion will go before the Chamber of Commerce meeting Thursday evening.

Detailed information will be printed in The Western Review next week and in the meantime application forms are available at several locations including both banks, Bambees The Bay and at Drayton Valley schools for those marchers who would like to get an early start at obtaining sponsors.

The sponsor agrees to pay an amount set by himself for each mile covered by the person he sponsors. The money raised in the March would be placed in a fund to assist organizations such as OXFAM, Indian-Eskimo Association of Canada, Crossroads Africa and also for local charitable emergencies.

Anyone in the town and district who would like to take part is invited to do so. Further information may be obtained by phoning Father Lynch at 542-3254.

2014.18.162A

COUNCIL BRIEFS

Continued from Page 1

Council had no objection to a request from Northwestern Utilities Ltd. to erect a radio communication tower on Lot 1, Block 15 providing it does not infringe on neighboring property.

* * * *

Council approved payment of $1033.46 to Mrs. Mildred P. Lindgren to cover the price of the property in 48th Street between 50th Avenue and 49th Avenue as agreed to verbally by town authorities and Mr. P. Dodson, Mrs. Lindgren's father, during the period prior to 1958.

* * * *

Council authorized the purchase of land from John R. Mackenzie for enlarging 55th Avenue from 48A Street to 43rd Street for the sum of $750 per acre.

* * * *

The subject of damage to boulevard trees was introduced and it was decided to contact the District Agriculturist to determine if film strips and a meeting with school children could be arranged to try and impress young people with the value of such trees.

* * * *

Council authorized the payment of $1755 to Corbild Engineering for work on several projects during recent years.

* * * *

Bylaw No. 403 authorizing the purchase of a new street sweeper was given second and third readings and declared law.

* * * *

Council agreed to enter into a no-refund bottle arrangement with Alfred Chesterman for a trial period of four months. The town will reimburse him 2 cents per bottle for a maximum of 2500 bottles each month.

* * * *

Council authorized selling the No. 3 water well building to the Municipal Hospital Board for storage of equipment. The well is no longer operative and the building of no further use to the town at its present location.

A guarantee is only as good as the firm that is making it.

O.O.R.P. District Officers

District O.O.R.P. officers who took part in last Saturday's annual district meeting at Seba Beach are shown above. Front row left to right, are shown above. Evelyn Wesenberg, Margaret McLean, Lucille Rossette, Lily Welch, and Elizabeth Reid. Rear row, left to right, Gladys McMorris, Vera Hazzard, L. MacDougall, Joan Kereliuk, Marie Hanson, Ellaine Reid, and Cis McCracken.

FOOD OUTLOOK

OTTAWA--Both chicken and egg prices may rise, though eggs will go lower in early May, according to the May Food Outlook prepared by CDA's Economics Branch.

Beef--With adequate supplies little change in prices is expected.

Pork--Prices may rise moderately as slaughter supplies decline seasonally.

Eggs--Prices will reach a low in early May and rise th thereafter.

Chicken--Broiler prices will be firm to stronger due to the seasonal rise in demand.

Turkey--Prices for broiler and medium weight turkeys may be up due to reduced marketings and a stronger demand. Because of large stocks, prices of heavy weight turkeys will likely remain low.

Pedal Pushers Meeting

Police Chief Bob Doig, in announcing plans for a Pedal Pushers Club, states that Drayton Valley is fortunate in that the only injuries received by child cyclists have been scrapes and bruises caused by falls. However, he notes, that throughout North America there have been over 30,000 injuries caused to cyclists in accidents with motor vehicles.

Plans have been made for the first meeting of the new club on Saturday, May 11th at 10:30 a.m. at the Centennial Civic Centre parking lot.

The club, sponsored by the Rotary Club, will hold seven one-hour meetings. Children from grades 1 to 5 are invited to join and over 200 registrations are anticipated.

Adult help is required to hold the course and volunteers are called for. The course is not difficult to teach and the necessary material is provided by the Alberta Safety Council.

If you think you don't have the time, think of the last occasion when you drove your car down 50th Avenue when school was coming out, then pick up the telephone and offer your help. The number to call is 542-3326 ot 542-3232. Leave your name and telephone number and Mr. Doig will call you back.

F.U.A. Meeting

Regular monthly meeting of the Drayton Valley Local, F.U.A. will be held in the Council Chamber of the Town Hall at 8:00 p.m. on Wednesday, May 8th.

Couple Honored on Golden Anniversary

MRS. M. BRUNER,
Correspondent.

A crowd of some two hundred people filled the Park Court Hall to capacity on Saturday evening, April 20th to honor Mr. and Mrs. Robert Fausak on their golden wedding anniversary.

Mr. and Mrs. Fausak were married in Germany on April 17th, 1918. They immigrated to Canada in 1929 and they resided at Bruderheim for a year before moving to Park Court. They farmed here until 1959 when they retired and moved to Evansburg where they now reside. They have two sons, Fred and Kurt and twelve grandchildren, all of whom were present for the occasion.

Mr. Fred Horz was master of ceremonies and introduced Sergeant Wilfred Rienhold who spoke of his friendship with the celebrated couple and proposed a toast to the bride and groom. Geneve Fausak, youngest of the grandchildren, who celebrated her 10th birthday on the same date as her grandparents anniversary, presented a basket bouquet of giant yellow mums. The two youngest grandsons, Floyd and Don, presented certificates from the Lieutenant Governor and Premier Manning.

The popular couple received many lovely cards and gifts including a chrome suite from their family, a gold lamp from relatives, a transistor radio and engraved plate from all those present and a coffee warmer from the Community Club

After the reception Mr. and Mrs. Fausak led the crowd in dancing to the old-time music of the Ohl orchestra.

Out-of-town guests included Mr. and Mrs. Fred Horz, Mr. and Mrs. Louis Horz, Mr. and Mrs. Walter Dorin and family, Mr. and Mrs. P. Marysiuk, Mr. and Mrs. Paul Roberg, Mr. and Mrs. Henry Ohl, Miss Hilda Fausak, Misses Maxine and Lois Grant, all of Edmonton; Mr. and Mrs. Richard Greenwood of Stanger, Mr. and Mrs. John Wilson of Mayerthorpe, and Sergeant and Mrs. Reinhold and son of St. Albert.

Mr. and Mrs. Fausak both enjoy an active life in the community and look forward to continued happiness and good health in the coming year.

CARNWOOD

MRS. ROSE SAUNDERS,
Correspondent

The community extends its deepest sympathy to Mrs. James McCauley and family and Mrs. Lorne Pritchard and family on their recent bereavement.

Mr. and Mrs. Ken Badgerow have just returned from a visit with their daughter and son-in-law and family at Lamond, Alberta.

Reg Gillespie of Edmonton was visiting relatives in the district recently.

Mr. and Mrs. Patrick McCauley arrived home from St. Catherines, Ontario to attend the funeral of his father.

Miss Donna Bowen spent a few days with her sister, Mrs. Steve Kugyelka and family at Funnell.

Mr. and Mrs. Joe Saunders and family of Edmonton were visiting at Alvin Ellis' home recently.

Mr. John Veldhouse has returned home from a visit to Wildwood visiting relatives.

Mr. and Mrs. H. Dewey of Whitecourt visited at the home of Mr. and Mrs. Alvin Ellis.

We understand Mr. Jim Ferris has sold his farm. He has been in the community for a number of years.

Congratulations from the community to Mr. and Mrs. George Davidson, nee Dayna Cropley and our very best wishes.

We see Linda Wollen is home for a visit.

Rash of Fires Last Week

The Drayton Valley Fire Department has been busy during the past ten days answering an outbreak of fire alarms.

On Monday, April 22nd the brigade was called to a fire that destroyed a small building just west of Poplar Ridge. Later in the week they responded to two house fires out of town and then a grass fire at Violet Grove.

A grass fire in town Saturday ended the busy week but activities resumed Monday morning with another grass fire in town.

THE Homemaker

With the high price of ready-made dresses (and the high rise of the hemline), many women are turning to home-made garments.

Even though there is still some problem in getting a variety of fabrics, this is improving. When the demand is there we'll get more variety.

Many women can sew but if you're not careful, everyone will know you can--when they look at your clothes.

It may be a wavy or conspicuous hem, a lumpy zipper or an exposed facing. With a few professional touches "only your sewing machine knows for sure".

If you're interested in learning to sew or improving your techniques, plan to attend a sewing course.

If you have a group of 8-10 women contact my office.

The course starts with three days on a simple garment and progresses to a wool garment and then may go on to coats and suits.

An introductory session in pattern selection, fabrics, fitting and altering preceeds the practical work.

Contact me early to avoid disappointment.

Five Clubs Take Part in Judging

TERRY BENTLEY
Club Reporter

Five 4-H Beef Clubs took part in the cattle judging competition on the 19th of April at the Cormie Ranch at Tomahawk. The five clubs entered were: Drayton Valley Beef Club; Lobstick Beef Club; Sundance Beef Club; Tomahawk Beef Club; and White Rose Beef Club.

Three classes of cattle were judged. No. 1, Breeding Bulls No. 2, Breeding Heifers; and No. 3, Feeder Steers.

Mr. McNicle was chief judge and before the judging started he explained to us the fundamentals of judging.

Each member then judged the cattle. Mr. McNickle judged the same cattle and explained how he had placed them and why, which was very interesting and beneficial to all.

When the judging was finished Cormie Ranch very kindly provided coffee and doughnuts for all.

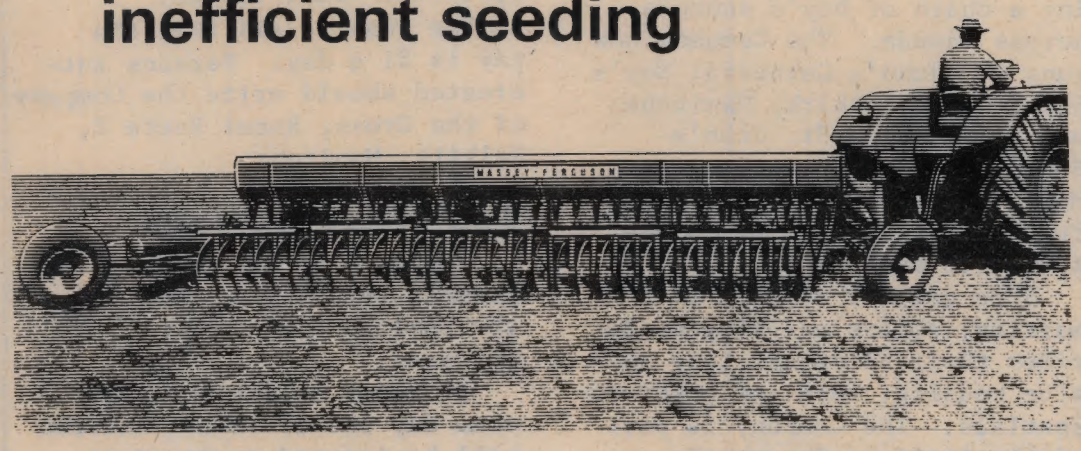
Massey-Ferguson challenges inefficient seeding



MF 36 WIDE LEVEL DISC HARROW

Here is dual-purpose equipment with just one purpose in mind—to give you the best means of discing and seeding with one fast sweep of the field. The MF 36 Wide Level Disc Harrow combines the discing and seeding operations—plus fertilizing, if you wish. Four widths are available (9, 12, 15, and 18 feet). Each model features fully adjustable hitch, land wheel control, full floating gangs, sealed bearings, and the most advanced hydraulics, including MF Pressure Control hitch. Seeder attachment is precise and accurate. Come in soon and talk over your discing and seeding needs. We will be glad to show you how the Massey-Ferguson MF 36 Wide Level Disc Harrow is built to handle the largest acreage with speed and real economy.

EDITORIAL COMMENT

Low Pay but Big Challenge

Think you could live for $1 a day?

That's the pay scale of the Company of the Cross, an association of teachers, carpenters, mechanics, university students, farmers, trappers, clergymen and accountants which is opening a chain of boy's schools across Canada. The Company now runs St. John's Cathedral Boy's School near Selkirk, Manitoba, and is building St. John's School of Alberta at Genesee. More schools are planned for the future, and men and women are sought to build them.

Some company members are married; others are single. Besides their $1 salary they receive housing, food and other essentials. The Company is part of the Anglican Church of Canada, though its associated members represent other denominations, some no denomination at all.

Boys attend the company schools from all over Canada. They not only participate in a demanding academic program, but they build and maintain the schools under the direction of company members, run their own laundry, do much of the cooking and even run a farm and a retail meat business. In winter just for variety they take part in 50-mile snowshoe hikes and in summer paddle up to a thousand miles on the country's historic fur trade routes.

For running all this the pay is $1 a day. Persons interested should write the Company of the Cross, Rural Route 2, Selkirk, Manitoba.

Too Many Curious

The wail of the town siren summons not only firemen but the curious and a wave of small children.

It seems inevitable that some day one of these children will be injured or worse as they make an excited dash through traffic to reach the fire hall.

A stern warning by parents that children have no business at the fire hall or fire scene could perhaps avert a tragedy.

LETTERS TO THE EDITOR

Drayton Valley,
Alberta,
April 27, 1968

Dear Editor,

There has been a great deal of preparation being made in anticipation of the assembly here of the Watchtower Publishing Society, and a pamphlet titled "The Catholic Church in the Modern World" circulated. I am compelled to speak out.

"Admonish thy friend, it may be he hath not said it; Admonish a friend, for many times it is a slander, and believe not every tale." Ecc.19:4-18.

I have read much of their literature, and invited them back to discuss the accusations and half-truths levelled at the Christian church. To date there has been not one salesman of this Society who has been concerned enough to spend time learning the truth.

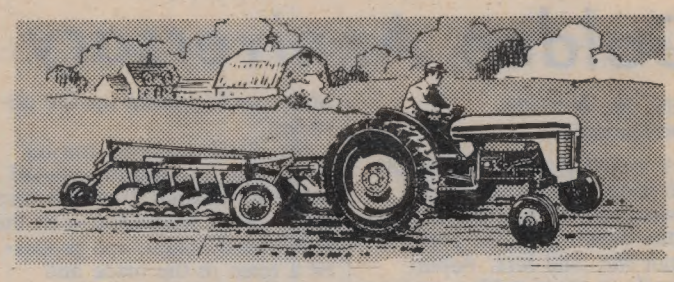
I believe that when a person seeks a God, there is a possibility that one finds a path and persecution. I do not see how a "ministry" of selling this literature draws one to a redeeming God. They are quotations taken out of context--embellished--and judgements uncharitably made. I find in the New Testament, that most times Jesus judged the judgers, and that it is an unclean spirit that keeps reaming, fault-finding-accusing-without really trying to find the truth.

Before anyone is tempted--from fear--to be converted to a ministry of this sort--read the pamphlet, and if you are not active in the worship and work of the church, ask your clergyman the truth about what the church teaches. Compare both, please with Holy Scriptures. A Christian has nothing to sell--by grace we have come to repentance and received mercy.

Also a witness to God in Christ.

N.S. Baxter.

FARM NOTES



Soil Tests and Fertilizer

AGASSIZ, B.C.,--Soil testing is an important tool for the farmer in obtaining the highest economic returns from a crop states V.W. Case of the CDA's Research Station here.

Good soil tests and careful interpretation of the data are essential to attain yields that are consistently tops in size and quality--and these are closely tied to profits.

Mr. Case lists three important facts about soil tests:

--The benefits of soil testing are greatest when crop production is not restricted by poor soil, water, or crop management.

--The test method used must be related to the fertilizer requirements of a specific crop grown in a specific area. If this is not done, either directly or indirectly by qualified personnel, the soil test values are of little use.

--Fertilizer requirement based on soil test values will depend on the specific crop and on soil management problems of the grower, as well as on the yield and profit potential of the crop. When the questions of kind and amount of plant nutrients have been answered, it still is necessary to gear the timing andmethod of fertilizer application to suit the crop, soil management requirements, and the type of equipment available.

Shelterbelts Save Money

Farmstead shelterbelts are things of beauty that can also save the farmer money, Prof. Hugh Knowles, landscape architect and associate professor of horticulture at the University of Alberta, says.

A farmstead shelterbelt to the north and west breaks wind velocity and can sharply reduce winter fuel bills, Prof. Knowles says. Studies show that shelterbelts can reduce body heat loss of livestock during a strong wind. Where there is shelter, cattle and other animals do not have to convert so much of their daily food into heat to help withstand the cold. Finally, a farmstead with a shelterbelt is a much more pleasant place for the farm family in summer.

Spring is a good time to be planning the landscaping of the farmstead, Prof. Knowles says. Once seeding of the crop is done, spring is a good time to do any planting of trees and shrubs.

Any type of tree that carries its branches low to the ground, such as spruce, willow, poplar and Manitoba maple, are good. Shelterbelts are planned to cut down wind velocity. To reduce the energy of the wind, a barrier into which the wind can penetrate is more successful than a solid wall. For example, Prof. Knowles says, a snow fence with laths one inch apart is more satisfactory in breaking the wind than a solid board fence. Low-headed shelterbelt trees act like a living snow fence and the lower tree boughs are most successful in breaking the force of the wind. Tree heights and planting on the windward side of the belts are also important but both act to deflect the wind upward.

Prof. Knowles recommends six to eight rows of trees to protect the farmstead and three rows to protect the field.

Plant the tallest trees to the leeward side of the windbreak. Use two rows of poplar or willow or spruce. In the middle row, plant shorter trees such Manchuria elm and perhaps caragana. On the windward side, use lower plants to deflect the wind upward. These might also provide food for birds, since many of these smaller plants produce a good deal of fruit.

D. V. Highlights

BY MRS. EDITH DEBY

Gordon Pickup tells me that farmers sometimes lose their sense of humus.

Mr. Eric Edholm will leave us soon to make his home in Summerland, B.C. It is fifty four years since Eric came to live in Drayton Valley and all pioneers and children of pioneers are going to miss him very much indeed.

Mrs. Phyl Pajak left Calgary Wednesday night by plane to attend the Amway Convention in Grand Rapids, Michigan and will tour the plant at Ada, Michigan while there.

Two former librarians have visited at the library in the past two weeks. First was Mrs. Maxine Krause, from Mission Beach, and then Mrs. Lily Butler, of Ponoka, came. Both were kind enough to comment favourably on the library's progress.

Mr. and Mrs. Norman Butler visited the Jules Gagnes, the William Robinsons and the Woolseys as well as other friends in a crowded two-day visit last weekend.

Mr. and Mrs. Barnay were so unfortunate as to lose their house and all it contained by fire last week. Ladies of the district are planning a shower for Mrs. Barnay to be held in the basement of the Lutheran Church on Thursday, May 2nd at 8 p.m. Used as well as new articles will be appreciated. Everybody welcome. Mrs. Barnay is the former Mrs. Fern Ross.

Football Players Plan Car Wash

Saturday, May 4th the Frank Maddock High School Football team will be holding a car wash at the Shell Station from 10:00 a.m. to 6:00 p.m. in order to raise money to purchase some badly needed equipment.

The boys are guaranteeing a good job and will be charging $1.50 for inside and out and $1.00 for the outside only.

Some of the team members who will be working Saturday are captain Stefan Hoge, Doug Ibbotson, Ron Cameron, Ron Astle, Stan Oulton, Don Bouschard, Terry Jevne, Rick Hopfe Charles Swap, Dale Kennedy, Bob Pattison, Rick Gabrielson, Larry Mattoon, Dale Johnson, Jerry Mastre, Tom Tucker, Larry Fink, John Braybrook and others.

ENTWISTLE NEWS

MRS. E. OLIVER,
Correspondent.

On Friday, April 19th the Chamber of Commerce put on a number of one act plays and it was very well attended and I'm sure every one there thoroughly enjoyed it. They need to be commended for their hard work, and the proceeds to go to the Centennial Project. The raffle of a bunny was won by Robin Deib of Entwistle.

Don't forget the Entwistle Home and School Tea, Bazaar Bake Sale, Grab Box, etc. on the 4th of May in the Entwistle Community Hall from 2:00 to 4:30 p.m. There is a raffle too.

Books to be donated to the Community Library can be left at the village office Monday, Tuesday, Thursday and Friday from 1:00 p.m. to 5:00 p.m.

The 4-H achievement day is May 13th in the Entwistle Community Hall starting at 7:45 p.m. Everyone is welcome to come and see the work that these girls are taught. Parents are urged to attend as this surely gives the girls a real lift.

MAGNOLIA NEWS

MRS. G.P. MacDOUGALL

Karen Reich of Tomahawk spent her Easter holidays with her cousins the Reich children.

Janey McCracken and her friends returned from a trip to Vernon, B.C. and points in U.S.A.

Wendy MacDougall of Hinton spent the holidays with the McCracken children.

Mr. Dave Churchill had his son Charles and friend of Calgary as guests over the Easter weekend.

Grace Anderson and family of Stony Plain were visitors at the home of Brenda and Allen Walker.

Evelyn Lukienuk, Shirley Anderson and Darcy of Tomahawk were recent visitors with Sofie and Marle Chechotko.

The Community Club annual meeting was held at the home of Betty and Dean Strangway Wednesday evening April 24. The executive members remain in office for another year.

Old Friends Bid Farewell

Among those present to bid farewell to long-time Drayton Valley resident Eric Edhoolm (R) at a party in his honor Saturday night were the men shown above. From left to right are, Carl Anderson, Eric Jonzen, Helmer Ramstead, and Les Tucker.

BERRYMOOR

MRS. D. MARTIN
Correspondent

Mr. and Mrs. George Martin and Mrs. and Mrs. Donald Martin spent a week in B.C. during the Easter holidays. They visited friends and relatives in Prince George and Williams Lake, and report a very enjoyable time. They bring greetings from a number of folks who used to live in our community.

A project was completed this past week that has been in the planning stage for almost two years. Namely the moving of the old Berrymoor School to a new site up on the hill by the cemetery. On Saturday a group of men met there and put the building onto a foundation. We would like to take this opportunity to sincerely thank each and everyone who helped in any way with this work, especially those who left their work in the field to lend a hand. And, a really big bouquet to Calgary Power, who donated their time spent in moving power lines on the day the building was moved.

Mr. and Mrs. Gordon Tryon (nee Mae Martin) have moved to Ryley, Alberta where Gordon has obtained employment.

We would like to welcome to our community the folks who have moved onto Mrs. Whittaker's farm.

Last weekend Mr. and Mrs. Frank McDonald and family of Edmonton visited at Berrymoor with their aunt and uncle, Mr. and Mrs. George Martin.

A Tupperware party will be held at the home of Mrs. George Martin on the afternoon of May 8th. Incidentally, ladies, this is Mrs. Martin's birthday, so come and help her celebrate it.

Last Saturday the Berrymoor Three B's Club held their monthly meeting at the home of Helen Anderson. Quite a number of ladies attended and a quilt was completed. The May meeting will take the form of a clean up day at the cemetary.

Mr. and Mrs. W. Joneson of Edmonton and Mrs. Hattie Barrett of Breton visited in the district over the weekend.

Mrs. Robert Van Ember spent a few days in hospital but is home again now. Hope you are feeling much better, Saundra.

"I've heard you've had a terrible time with your jalopy."
"Yeah."
"What happened?"
"Well, I bought a carburetor that saved 30 per cent on gas, a timer that saved 50 per cent on gas, and a spark plug that saved 30 per cent on gas, and after I drove 10 miles the darn gas tank overflowed."

"Fabulous Africa" at Tomahawk Hall Monday

Tomahawk residents will have the opportunity of seeing one of the most unusual and complete color films ever produced on the teeming wildlife herds of Kenya and Tanganyika in East Africa. "Fabulous Africa" was filmed earlier this year by well known naturalist photographer Edgar T. Jones, whose television wildlife films are known by most Canadians.

The film "Fabulous Africa", is a product of a two month visit to Kenya, Tanganyika and Uganda, depicting the wildlife of this amazing part of the world. Here without doubt, remains the largest numbers, and the greatest variety of animal and bird life left in the world.

With a plane at his disposal, and being a former 'bush pilot' himself, Ed Jones was able to get many exciting and unusual aerial shots.... low flying over the game herds of the Athi Plains in Southern Kenya.... aerials of the great masses of magnificent Flamingo in the soda lakes of the incredible Rift Valley, a valley over 4,000 miles long.

During "Fabulous Africa" you will travel with this keen naturalist to many of the famous game areas of East Africa. You will visit the largest extinct volcano in the world, the Ngorongoro Crater with its vast game herds. You will also see the famous Serengeti Plains, an area which hosts the largest population of big game animals in the world.

You will visit the beautiful Mount Kenya Safari Lodge built by Hollywood star William Holden and head into the great Samburu country in the Northern Frontier District of Kenya. You will see close-ups of the tropical birds and butterflies, and face close-ups of Leopard, Elephant, Rhino, Lion, Hunting Dogs, Hyena and many others.

Classed as family entertainment, this is one film no one can afford to miss. "Fabulous Africa" is coming to Tomahawk on Monday, May 6th at the Tomahawk Hall starting at 8:00 p.m.

EVANSBURG

MRS. M. BRUNER,
Correspondent

Well, it's back to school for the children this week, in order to complete the school year with only a couple of one-day holidays until the end of the term. Since the weather has been warming up a little, the activity around our place has been tidying up the yard a bit, at least trying to.

Several of those interested in the 4-H Club motored to Duffield to listen to club members participate in a public speaking competition on the 18th. One member from our club, Shirley Hutchinson participated in the speaking. The 4-H members also met at our home prior to going on the annual beef judging competition taking place at the Cormie Ranch at Tomahawk. All reported having had a most interesting day.

Mr. M. Mazeppa attended FUA District 5 annual convention held at Stony Plain on the 19th. So far I haven't heard a report of what went on, perhaps next week, I'll know something of the meeting.

Several people went to Edmonton to see the tap dance spectacular sponsored by the Alberta Tap Dance Association and the Edmonton Regional 4-H Council. This was a show well worth seeing, in my opinion, and the proceeds from it went to help the crippled childrens' camp at Lake Isle.

The member of the Evansburg High School staff driving around in a new motor vehicle and very proud of it, is Mr. Byers. Much happy riding to you and Mrs. Byers from us all.

The youngest member of the Norbert Feldberg family was the center of attraction last Sunday on the occasion of her christening. Laura May, youngest daughter of Mr. and Mrs. Norbert Felberg was baptized in the Lutheran Church in Entwistle on April 21st. Rev. Yee officiated at the ceremony. Godparents were Mr. and Mrs. Raymond Woitt of Wetaskiwin.

After the christening, friends and relatives met at the Feldberg home to honor Laura May and to partake in a delicious buffet lunch. The occasion was also a family gathering to celebrate the birthdays of Sharon and Arnold, Laura's older sister and brother. Besides the family, relatives and godparents, specially invited guests were Mr. and Mrs. Woitt, Sr., Mr. and Mrs. H. Schroder, Mr. and Mrs. Fred Harrison and Rev. and Mrs. Yee.

In 1967 the 11,000 members of the St. John Ambulance Brigade gave more than 800,000 hours of voluntary public service across Canada.

CHRYSLER

best power for any fishing boat afloat!

Meet the 9.9, one of the all new fishing engines by Chrysler. Most powerful 'under 10' on the market. Gets you out there where the big ones are. Our new 9.9 has pushed our 14' test boat and driver 23 mph (has even pulled a full grown skier!), yet she'll troll all day with hardly a murmur.

Shallows are no problem, either. Chrysler's exclusive Depth Minder drive lets you operate in a mere 6 inches of water . . . and the spline-drive prop won't pick up weeds, ends shear pin changing forever. And just look at that new low-profile design. It's designed to make your carrying, stowing and operation that much easier . . . lets you fish across the stern, too. When it comes to fishing outboards, Chrysler has the big edge. From the all new 4.4, through the 6.6 and 9.9 to a completely new 20, they're all backed by Chrysler engineering excellence and the famous Chrysler warranty.

ALDER FLATS NEWS

BERNICE JOHNSON
Correspondent

A bridal shower was held for Miss Dorothy Speakman at the Legion Hall on Tuesday evening, April 23rd. Over thirty ladies came out to wish Dorothy much success and happiness on her coming marriage.

The variety of lovely gifts were presented to the bride-elect by her aunt, Mrs. Marg Pye, for which Dorothy thanked everyone most graciously. Miss Sally Speakman assisted in the opening of the gifts. Serving the refreshments were Mrs. Haggart, Mrs. Nicolls, Mrs. Pye and Mrs. Miller.

Dorothy was guest of honor again on Tuesday evening, April 30th at the Great Plains development, when a shower was held for her at the home of Mrs. Anne Beattie.

There will be a wedding dance for Dorothy and Gerry at the Alder Flats community hall May 11th starting at 9:00 p.m. Everyone welcome.

Mr. and Mrs. Tom Sheridan and Mr. and Mrs. Kurt Huck all of Ponoka were Easter Sunday guests with Mr. and Mrs. Alex Danyluk.

Mr. and Mrs. Richard Speakman and family of Kinuso were weekend visitors at the Art Speakmans.

Recent weekend visitors at the Seely's were Al and Bev Clemmer and family also Carl and Ethel Jenke and boys whom since have moved their trailer to the Flats.

Mrs. A. Larson is now residing in the Peace Hills home.

Several couples from here attended the horse sale held at Wetaskiwin last Saturday.

READ THE CLASSIFIEDS

Legislature Report

By Tony Cox

One of the more controversial bills to be introduced this session is being allowed to die on the order paper. Amendments to the Child Welfare Act, introduced by the Minister of Welfare, Mr. Hooke has been severely criticized since it was first tabled. The minister said changes in the Act were not pressing and would be more fully investigated before any action is taken.

Outside the House, Len Werry (PC-Calgary Bowness) said the amendments appear to make the Courts a virtual rubber stamp of the Welfare Department. It reduces the adoption probation period from 12 months to 6 months, removes the necessity for personal references as to the fitness of adoptive parents and deprives a District Court the discretion to refuse an application for adoption, said Mr. Werry.

The highway traffic board has been asked to set up regulations adopting new tire standards announced by the Canadian Standards Association. The regulations, effective January 1st, 1969 mean that tires from the U.S. which do not meet standards there cannot be dumped into the market here, explained Highways Minister Gordon Taylor. The regulations also call for the manufacture to install on an automobile the correct tire size for the vehicle, car weight, seating capacity and tire pressure as well as a tread wear indicator built right into the tire itself.

The three cent a gallon increase for fuels faced by farmers and users of purple gas is now law. The bill was one of 43 given royal assent last week. The increase also applies to aircraft fuel, which is still exempt fromthe current 12-cent a gallon tax.

Alberta is giving no consideration to the export of water to the United States, according to Agriculture Minister Harry Strom. He said there is an understanding between the three Prairie provinces that nothing would be done until a study of the Saskatchewan-Nelson river basin is completed.

The Chairman of the Northern Alberta Development Council, A.O. Fimrite has commented that homesteading in northern areas is economically unfeasible. Mr. Fimrite, who is also a Minister Without Portfolio says homesteaders often lack the capital and the required knowledge to develop land in inhospitable country under adverse climatic conditions. Land development in the north, especially for ranching, would be economical only in large holdings, he said. Mr. Fimrite estimated over 13-million acres of land is available and will eventually be developed as ranchers in southern and central Alberta run short of grass.

Once again, Premier Manning has dampened any enthusiasm concerning provincially-operated lotteries in Alberta. He said it would reduce payment for public services to a level of horse racing. If any emphasis is to be placed on the responsibility of the government for the payment of public services, it should be done on a higher plane than gambling, said the Premier.

Two bills introduced last week will allow MSI and Blue Cross to operate under a reciprocal agreement concerning the sale and handling of each other's contracts. Health Minister Dr. J.D. Ross said outside the House, the Alberta Health Plan has no intention of getting into group insurance although legislation introduced this session would allow it to do so.

Answering Opposition criticism concerning delays in AHP payments, Dr. Ross said "we are working diligently to correct any situation causing inconvenience".

The Election Act Report, tabled last week, recommends the age for a candidate in a provincial election to be lowered from 21 to 19. The committee, headed by Minister Without Portfolio, Ray Speaker also said voting machines would not generally accelerate the counting of ballots except in urban ridings in municipal elections.

The Landmen Licencing Act, introduced by Mines and Minerals Minister, A.R. Patrick provides for the registration and licensing of landmen. The bill would also establish the procedure in which a person could have a complaint heard before a committee headed by a District Court judge. It is designed to eliminate unethical practices, said Mr. Patrick.

Landmen are those who negotiate with a landowner for interests in land required for drilling and mining operations, pipe lines, power lines and the building of highways. The new regulations would require a landman to leave a copy of the proposed agreement with the landowner for 48 hours before further negotiations could resume.

A fearless prognostication.. prorogation on May 1st.

Not all strangers are crooks, but all crooks are strangers.

Sister Marie Gabriel is shown here with two of the young singers from St. Anthony's School who made a fine showing at the music festival in Edmonton this week. Admiring their certificate are Bradley and Shirley Lockhart.

St. Anthony's Students Do Well at Festival

St. Anthony's pupils, under the direction of Sister Gabriel, participated on the Kiwanis Music Festival from April 22nd to the 30th.

There were seven entries. The results were as follows:

Solists: Tuesday, April 23, Shirley Lockhart, grade six, sang "The Rose and the Butterfly" and placed third with a score of 83%; Bradly Lockhart, grade five, sang "Any Boy to Any Ship" and placed first with a score of 86%.

Thursday, April 25th, School Chorus: Grade four sang "A Piece of Wind" and came second with a score of 87%. They competed against sixteen entries. This group also performed on the "Noon Show". Grade fives sang, "Oh, Dear What Can the Matter Be" who placed third.

Grade Six sang, "The China Mandarin" who had a score of 76%. There were sixteen entries.

Monday, April 29th. St. Anthony's School Chorus comp osed of grade four, five and six sang, "The May Day Carol" and placed first with a score of 86%. This same group also competed in division II, singing, "My Donkey Dodoro" and also placed first with 86%.

The adjudicator complimented each group for good discipline, true pitch, and good bright tone. He also gave helpful hints for improvement in diction and scooping.

On May 8th, 7:30 p.m. there will be a recital in St. Anthony's gym by these groups, for the benefit of all parents and friends.

Pre-Natal Classes

Commencing Monday, May 6th, the Edson Health Unit will conduct Pre-Natal Classes in their office in the Town Hall, Drayton Valley.

Kindergarten Has Registration Of Sixty-nine

The Drayton Valley Community Kindergarten report that as a result of pre-registration of five year olds for the 1968-69 term held on April 4th, 69 children were registered. The Kindergarten Executive are now making further arrangements for fall classes and if there are any parents who still wish to register their child, they may do so by phoning Mrs. E. Lyle at 542-4374.

An important general meeting for kindergarten will be held on May 21st at 8 p.m. in Frank Maddock High School. All parents of children attending kindergarten this term and parents of children registered for the fall term are urged to attend.

RAMONA

MRS. JEAN STEWART
Correspondent.

Well my carrier pigeon forgot the news again last week. That was why therewas no Ramona news in last week's paper.

Beatrice Swap is home from hospital and we hear she is feeling much better.

Marilyn Rasmussen is up and around again after being sick in bed for a week or so. She was sick in bed and missed a trip to the Cormie Ranch with the 4-H Club. But the rest of the club had a nice visit.

The 4-H Club members are selling tickets on a hundred dollars. They are pull-type tickets from 1¢ to 50¢. The draw will be made in July.

Verna Benjamin of Moon Lake spent Easter week with Wendy Blake and Janette Blatkewietcz.

Lanny and Greg Hartman spent Easter week at Mayerthorpe with their Grandma and Grandpa Knapp.

John Plewis motored to Leduc on Sunday to visit his daughter-in-law and granddaughters. His son, Erwin has moved to England to work on a rig. He is doing off shore drilling about 19 miles from England. The rig is on a raft 75 ft. above the water. Stella and the girls will join him on May 9th. They will be gone two years.

Terry Blake was a guest of Colleen Stewarts on Sunday. The occasion was Collens 11th birthday.

Our monthly meeting is next Tuesday, May 7th and our president will be home for this, meeting. The next bingo is May 14th and the jackpot is $125.

The new telephones in the Tomahawk area are working now so we might get ours working yet.

Jasper-Edson MP To Contest Rocky

Doug Caston, Edson publisher elected in the Jasper-Edson Constituency by-election of last November, has announced that he will let his name stand for nomination as the Progressive candidate in the new Rocky Mountain Constituency.

In the by-election Mr. Caston was chosen to represent the now gerrymandered Jasper-Edson Constituency by a majority of 2,895 votes more than his nearest rival, the Liberal candidate from Whitecourt.

At press time it had not been learned whether Mr. Caston's nomination would be contested, but it was felt there was a possibility that someone from the south end of the new 500 mile long constituency might throw his hat in the political ring for the Conservatives.

The nominating convention will take place this Sunday, May 5, in the Capri Hotel, Red Deer, starting at 2:00 p.m.

DOUG CASTON
. . . his hat's in the ring

Second Section

THE WESTERN REVIEW

Drayton Valley, Alberta

Vol. IV, No. 18 May 1, 1968

The northern half of the vast new Rocky Mountain Constituency includes over 60 percent of the voting population.

Memberships will be available at the door of the convention room.

Mr. Caston, in a statement, urges all former Jasper-Edson Conservative voters and sympathizers to make sure a northern man gets the nomination.

As the larger part of the new riding it is better a former Jasper-Edson MP represents us, he said.

A mathematics professor complained to the policeman that a student had almost run him down as he attempted to cross the street.

"Did you get his license number?" asked the policemen.

"Not exactly," the professor said. "But I do remember that if the number was doubled and then multiplied by itself, the square root of the product was the original number with the integers reversed."

Delegate Reports Anglican Synod

By MRS. MARION PALMER

As one of the first women delegates to attend any Synod of the Anglican Church I wish to express my views. This has given me more food for thought than anything in recent years.

A highlight of the sessions was an address by Prof. Chas. Davis formerly of England, and formerly a priest of the Faculty of Religious Studies of the University of Alberta. He spoke on Renewal In The Church. Anyone wishing a copy of this talk please contact Rev. Ingram, Mr. W. Rose or myself.

Reports of the different committees are briefly as follows: St. John's House, formerly a home for unwed mothers, is now being taken over by the Sisters of St. John the Divine for their headquarters in western Canada. The Sisters are offering their skills as conductors of retreats, counselling and lecturing. Elizabeth House, 93rd and 117 th Ave. is a home for senior lady citizens.

A long report of the work at City Centre was given by Rev. David Crawley. This is a new work in Edmonton started by the church which obtained his services after he had spent a year studying in England.

Social Service reported on St. Martin's House for used clothing for indigents. This has now been sold for a bridge approach and a new centre pending. This has been a cooperative service with the United Church. Countless calls have also been taken for meals, overnight lodging and travel, etc.

This Diocese is sharing in the support of the Sorrento Lay Training Centre on Shushwap Lake in B.C. Bishop of Kootenay, E.W. Scott, gave a glowing report of the burgeoning work of this centre.

People interested in camping will take note that the camp at Kapasiwin is no longer in use.

In the training field plans for continuing education of the clergy have been given much thought and it is hoped that the parishes will arrange funds and time for their pastors to take this added training. This area will be fully explored in the next year.

There was an extremely good report from the youth council and of the program it has planned. There will be a 3-day conference on May 10th 11th and 12th at St. Timothy's in Edmonton. It is this writer's wish that there will be a good representation from Drayton Valley.

There was an impassioned plea by our long suffering editor-without-pay, Mr. Stan Williams, who edits our fine little newspaper, "The Church Today", to either let him stop printing it or help put it on a paying basis. At this printing the paper will be continued but the method of support is still being discussed.

All in all there seemed to be an exciting undercurrent all through the two days of sessions, with such enthusiasm that for the first time Synod was only adjourned to take up work a year hence where we left off instead of waiting two years for the formal convening of the meeting.

Two very evident facts stood out. How in the world a church or a people, with so much work to be done could possibly function on such a ridiculously low budget in this day and age when people still quibble over how much to put in the collection plate on Sunday.

Perhaps in the urgency of this world we should attempt to tithe once more. I can assure you the money that finds it's way to the collection plate is the best money you ever spent and it's use will return to you a hundred fold.

The other fact was the urgency of the hour. Rev. Murdith McLean together with Rev. Barry Moore of the United Church (both young people) gave a tremendous report of their work among the University students. Out of 14,000 or so enrolled perhaps 60 to 100 attend the Anglican church regularly. Both clergy were spending more than 18 hours a day in counselling students who were lonely, troubled or unhappy. Surely the world must be in a pretty sorry state and surely it must be time for everyman to look to his own home and see if there isn't something he can do to help ease these troubles.

O.O.R.P. Life Member

A life member of the Entwistle Lodge, Mina Messenger (R) is shown chatting with district lodge officers during a break in Saturday afternoon's district meeting at Seba Beach. At left is H.R.L. Vera Hazzard of the Drayton Valley Lodge, and centre, H.R.L. Joan Kereliuk of the Gainford Lodge.

EASYFORD NEWS

Charles Chipchase of Vernon, B.C. spent an afternoon visiting with the Fink boys during the Easter holidays.

A bridal shower was held at the Easyford Hall, April 20th for Susan Oscar. She received many lovely gifts, we wish her the best in her forthcoming marriage on May 11th.

A large crowd attended the dance and social that was held April 19th.

Friends and relatives enjoyed a lovely buffet supper at the home of Mr. and Mrs. George Getzinger April 20th in honor of Lee and Valerie who were confirmed earlier that day.

Mr. and Mrs. George Kline have moved into their new home in Drayton Valley.

District Supervisor

KEEPHILLS NEWS

MRS. G. RAYMOND,
Correspondent

The funeral of Mr. John Henkel Sr. was held on April 20th at the Mewasin Free Methodist church and interment followed in the Church cemetery. Mr. J.D. Kennedy was in charge of the service. Sympathy is extended to the members of the Henkel families.

Sympathy of the district is extended to the Greenhough and Quigg families in the death of Mr. Greenhough of Genesee.

Mr. and Mrs. Doug MacDougall and Mr. and Mrs. Art Bryant attended the old timers reunion at Tomahawk.

Don and Pat Tattersall from Fox Creek were in the district last week visiting relations.

The birthday club met on Wednesday night at Sharon Mogers home in honor of her birthday and for a baby shower for Baby Moger.

Melodie Edge and Linda Bacon celebrated their birthdays recently.

Mr. and Mrs. A. Homme are spending a week in Red Deer with their son Melvin and family.

Mr. and Mrs. Fred Strassburger, Betty and children from Stony Plain were visiting with Betty's parents, Mr. and Mrs. Raymond here on Sunday.

Mr. and Mrs. Gordon Bryant from Drayton Valley were visiting in the district on Sunday.

Mrs. Kathie Teague from B.C. is in Edmonton visiting with some of her children there.

Mrs. Bill Lauder is in Valleyview for a week with her daughter who is just out of the hospital following surgery.

Some farmers are working their land, others find it too wet to work on just yet. Erin and Charlie White have been taking their machinery home in preparation for spring work.

Jehovah's Witnesses to Hold Convention Here

Two representatives of the Watch Tower Bible and Tract Society from Toronto will be in Drayton Valley this weekend to preside at a three-day convention of Jehovah's Witnesses. The convention is to be held May 3rd, 4th and 5th at the Centennial Civic Center.

Mr. John F. MacPherson, a native of Toronto, is a district representative for Western Canada. He travels in Alberta, British Columbia, Saskatchewan and the Northwest Territories visiting various congregations and coordinating the administrative activities connected with conventions sponsored by the Watch Tower Bible and Tract Society.

ERNEST ADAMSON
Circuit Supervisor

While in Drayton Valley, Mr. MacPherson will deliver the main talk of the program on Sunday at 3 p.m.

Mr. Ernest Adamson, who is also a native of Ontario, is a circuit supervisor of the Watch Tower Bible and Tract Society in Northwestern Alberta. "His main duties", said Mr. Moss, presiding minister of the local congregation, "consists of visiting all fifteen congregations in Alberta Circuit No. 6.

On Friday evening Mr. Adamson will direct a symposium on the importance of home Bible studies and will conduct a typical ministry school held at all congregations of Jehovah's Witnesses. All sessions are open to the public and no collections are taken.

THANK YOU

The new look on Alberta farms thanks to natural gas

A modern, versatile source of low-cost dependable energy is now available to hundreds of rural Alberta residents thanks to modern technology. Natural gas — the world's premium heating fuel is being piped to hundreds of new rural customers each year and what a change it brings! Low cost natural gas is used on the farm to tackle these big jobs:

Natural gas powered sprinkler irrigation, Natural gas heat for grain drying, Natural gas powered hammer mills, Natural gas heated brooders, Natural gas heated water troughs, Natural gas forced air and infra-red radiant heat for farm buildings. Natural gas on-site power generation, Natural gas for climate control and production of carbon dioxide to stimulate plant growth in greenhouses, Natural gas energy to the farm home for space heating, cooking, clothes drying, garbage incineration, water heating.

If you would like natural gas energy to serve you, contact our nearest office.

Rosa Wolters Writes From Tanzania

Box 373,
Tabora, Tanzania,
East Africa,
March 26, 1968.

Dear Readers.

When I left Alberta just nineteen months ago I had hoped to write at least once a month to tell you of my experiences and impressions of this interesting country, but I have been very involved with my teaching duties and my various trips during my holidays. Last year we had a three-term -year so I had three holidays of from three to four weeks duration. During the first one I went to Greece. This was very interesting as I was there April 21 during the army coup.

During August I flew to Edmonton to attend to some important business and visit friends and relatives. On the way back I stopped off at Ottawa to visit friends and to spend a day at Expo. Of course this was not enough time for Expo.

On Dec. 4, I flew to Germany to spend Christmas with my cousins near Bremen. Time went very quickly and I certainly missed the sunshine of Tanzania but the opportunities to attend concerts and hear Christmas music in the churches far outweighed the dull short days.

The weekend before Xmas I flew to Berlin to meet a second cousin on my mother's side. I had very little trouble getting across the linethrough the gate for aliens both times I tried. I was able to take my camera and gifts for my cousins, but I had to return to the West side by midnight. The weather was not very co-operative being rainy and dull but the pictures I did get were very good. I hope to go to Berlin again on my way home in August. There are so many places of interest and musical opportunities. The shopping is very good too.

Between Xmas and New Year my cousin and I drove up to Holstein to visit the farm where she had been apprenticed to learn her folkschool work. It was very interesting but the hotel where we slept was also in farming enterprises and my room was over the stable and after the patrons of the guest house had retired the cattle, swine and poultry woke up. I never slept a wink.

Four weeks after I arrived in Germany I left for Tanzania. My trip back was very pleasant and I had a whole day in Nairobi. The sunshine was glorious and the flowers and shrubs of every hue. I almost wished I were stationed there and I would apply for an extention, but I think that I have been away from Canada long enough.

Our first stop out of Nairobi one engine refused to start and had to be cranked by hand. The pilot kept the engine running in Jinga and when we got to Entebbe they called in a mechanic. The repair job took so long that we missed the plane from Mwanza to Tabora. East African Airway hired a taxi and took the five of us passengers the 250 miles in a little over six hours over the worst roads I've ever encountered. The next morning I was supposed to meet the train on station duty at 5 a.m. Needless to say I was among the missing

This year we have a two-term year and we don't get a holiday until the 25 of May. We are all worn out already and no one thinks he is able to last out the term. Luckily we have a break from classes (girls and teachers) and every teacher has a two day break along with a weekend. This should help some. School days from 7:30 a.m. to 4:30 p.m. can be very exhausting coupled with a week of duties ever so often.

I am still school librarian and the work can be very exhusting, especially this time of the year when the new books are coming in and have to be catalogued. I have a fairly light timetable to give me more time for the library which is really a very full job. Of course I have some library prefects to help me. They do supervising in the evenings.

I am now in cookery for Form IV who have to write a Cambridge Test in November. Cookery classes involve shopping in the market and I usually take two girls with me as I can't talk to the shopkeepers in Swahili. The merchants soon get to know the shoppers and try to entice us to buy their wares. Some times if the girls are too critical the owners of the vegetable and fruits get angry and refuse to sell to them. They always welcome me with a friendly "Jambo" (hello). They also keep asking the girls why I can't speak Swahili. I also teach biology which I enjoy very much. I take the girls on nature study walks and some are very keen. Others are just a plain nusiance.

The school is divided into Houses and I am supposed to be assistant Housemistress but it seems I am the only one around when there is work to be done. Yesterday we had a house picnic, so there was shopping to do for the lunch, driving to the grounds with the supplies and cooking utensils, and two trips to take out the Form IV's who were writing English tests. It was all very tiring especially when I had to miss a very good curry lunch which one of the teachers put on for her birthday. I always seem to have to do something when exciting things are happening.

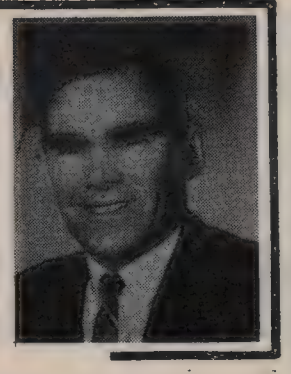
Last night the Tabora Drama Club put on a (Revue) at the Tabora Hotel. First we had dinner and after that the entertainment of skits and musical numbers was offered. It was all very pleasant and everyone was dressed out in his best bib and tucker. I sang in the hymn to capitalism. Of course I was with the capitalists.

Most of the Secondary schools go on holidays next week but we have to stay until 24 May. I hope to go to Murchison Falls Park for my last African safari. That should be good for a letter for the next time. Best wishes to all.

Sincerely, ROSA H. WOLTERS

Recreation Round-Up

By Mike Gormley



BASEBALL

The local minor baseball program is shaping up quite satisfactorily. Registration has been good in all categories of the sport and it would seem that we will have teams competing at all levels from Little League to Juvenile.

Starting at the top of the heap, we have about twenty-five boys who are interested in forming a juvenile baseball team. Suitable competition could be a problem, however, there seems to be a possibility of one or two other towns in the vicinity forming a team at the juvenile level and this would help considerably. We are also looking for a coach for the team. All interested persons please contact the Recreation office.

In the midget category we are off and running. The team under the direction of Orest Haydey will be in the Midget Oilfield Baseball League and have started practicing for the league opener on Friday, May 10th. This group takes in boys from thirteen to sixteen years of age. The team is sponsored by the Drayton Valley Lions Club.

Ken Machan and Allan Baker will coach the "Little Canadian" team entered in the Oilfield Baseball League. Practice sessions are already under way and the league schedule begins Friday, May 10th. There will be six teams in this league and the schedule will consist of ten games with each team playing a home and home series with every other team in the league. This category involves boys ten to thirteen years of age.

Over and above the forementioned teams we will have intra-mural leagues at the Pee Wee and Little League levels. This will involve boys six to nine years of age in the Little League and nine to twelve years in the Pee Wee division. The number of teams in each of those leagues will depend on the interest on the part of the players and the availability of sufficient number of persons to meet the coaching needs of such teams.

POOL FEES INCREASED

There will be some increase in the swimming pool fees effective at the start of the 1968 swimming season. Season tickets will go on sale as follows: Family Ticket $25.00; Adult Ticket $12.00; Student Ticket $10:00 and Child's Ticket $7.00. There has been only one change in the single admission setup with child's admission now set at 25¢. Students will still be admitted for 25¢ while the adult admission will be 50¢ each. The punch card system in effect in previous years has been discontinued. There is no change in fees for Red Cross Swimming Instruction offered at the local pool. The fee is still $5.00 per person for nine lessons plus a trial examination prior to the actual Red Cross examination. Over and above this basic instruction fee the trainee must pay admission to the pool either on a single or on a seasonal basis and pay an examination fee of 25¢ to the Canadian Red Cross Society to cover expenses incurred by the Society in holding such examinations.

In the rental of swimming paraphernalia, trunks and swimming suits will be available at the local pool this summer.

The tentative opening date for the pool is set at Monday, May 20th, however, so much will depend on the weather and the developments in the repair and the painting of the pool.

Local Woman President Alberta Skating Association

At the annual meeting of the Alberta Figure Skating Association held in Edmonton last Saturday, Mrs. Gwen Simpson of Drayton Valley was elected president.

Other members elected to the executive for the coming term are: Vice President, Mrs. Mida Fort Saskatchewan; Corresponding Secretary, Mrs. Rose Wickland, Drayton Valley; Treasurer, Mrs. Romanchuk, Fort Saskatchewan; Recording Secretary Mrs. Olafson, Edmonton; Registrar, Mrs. Best, Edmonton; Director of Judges and Teachers, Mrs. Meldrum, Edmonton; and Director of Workshops, Mrs. Taylor, Edmonton.

The Alberta Figure Skating Association acts as a parent club for figure skating clubs throughout central and northern Alberta and meetings are attended by representatives from each affiliated club.

Senior Citizens Enjoy Choir

At the regular meeting of the Drayton Valley Senior Citizens Club in the Elks Hall on Thursday, April 25th the Community Choir, under the direction of Dr. Hugh Maclure, was present to sing the Easter Cantata. The presentation was enjoyed by members who extended a vote of thanks to the choir.

Next meeting of the club will be held on Thursday, May 28th at 7:00 p.m. at which time it will be necessary to find a replacement for President W.J. Gray who is leaving in June for British Columbia.

Library News

Among the new books this week are two which may hold a special appeal to adults.

The Israeli Campaign 1967 by Peter Young. Brigadier Young is head of a Military History Department at Sandhurst. He is personally acquainted with both the Arab and Israeli leaders. Of special interest to the student of history and the general reader.

Tamburas by Karlheinz Grosser is translated from German.

A story of the Persian Court in the sixth century B.C. The unfamiliar names given the characters makes the story a little hard to follow. Perhaps a true picture of the times, some portions may be unacceptable to some readers because of too explicit descriptions of immoral conduct. Good map. Definitely adult.

SCHOOL FLASHES

The cheerleaders are raising funds for new uniforms and are willing to work for the gardeners of Drayton Valley. If you would like your lawn raked this spring phone: Linda Frank at 542-3584; Marylynn McColman at 542-4080 or Alison Waugh at 542-3151.

They have already sponsored a bake sale in The Bay. Thanks to Mr. Retallack and the staff.

The Chess Club is in the midst of a chess tournament. The championship will be played for in a live game.

A graduation meeting was held on Monday to decide who will give the various toasts.

We have adopted a new system for the valedictory address. Because vale actually means goodbye, we have decided that a person with good academic standing one who has done a lot for the school and represents the class should have the honors.

The Yearbook Staff has sent the first set of 32 pages to Winnipeg to be published. There will be 80 pages in the book distributed next year.

BUCK CREEK NEWS

Mrs. Inga Knudskov returned from her tour which took her to several places in the States.

The Ladies Meeting was held in the newly decorated home of Mrs. Helga Luethy. Next meeting will be held at Mrs. Ann Gaudets home.

We are sorry to hear that Mr. Lloyd Nelson is waiting for a hospital bed.

Mr. Lorne Pritchard of Breton passed away in the Breton Hospital on April 20th after a lengthy illness. Mr. Pritchard was an uncle of Mrs. Adolph Bara of Buck Creek.

A family gathering was held at the Bob McCulloch home Easter Sunday. Guests included Mr. and Mrs. R.A. McCulloch and Mr. and Mrs. Reno Damiani and family of Rimbey; Mr. and Mrs. Allen McCulloch and boys from Edmonton; and the Ken McCulloch family.

Outdoors Notes . .

The Department of Lands and Forests, in co-operation with various other federal and provincial government agencies, is currently conducting a long term investigation to determine the effects of different methods of pulpwood cutting on the physical, chemical and biological characteristics of three small streams and their surrounding watershed. The information will be used to help formulate future policies of conservation and outdoor recreation.

The study streams, Wampus Deerlick and Eunice Creeks and their respective drainage basins are located approximately six miles northeast of Cadomin in the Coal Branch Area and the entire watershed has been designated as the Tri-Creek Watershed.

Research will be conducted in three phases: the pre-cutting period (five years), cutting period (ten years), and post-cutting period (five years). The pre-cutting phase began in 1965 with planning of the experimental design. Installation of various instruments to measure the physical and chemical properties of the watershed and biological studies designed to assess the current status of resident populations of fish and other aquatic organisms were conducted during 1966 and 1967. The collection of data has now become stabilized and is progressing well.

One of the primary objectives of the research project is to determine the effect that size of clear cuts will have on the numbers of fish the streams are capable of supporting. In order that all aspects of the fish populations can adequately be studied, their numbers should not be disturbed by angling. Because of this necessity, Wampus, Deerlick and Eunice Creeks as well as all tributaries thereto have been declared closed to fishing and are designated as Fish Sanctuaries in the 1968 Summary of the Angling Regulations of Alberta.

Large signs briefly explaining the research project will be erected along access roads and "No Fishing" signs will be posted along the three study streams.

Co-operation of the public will be greatly appreciated.

Direct your charitable dollars where they will do the most good. Give but give wisely.

IN MEMORIUM

McGuigan--In loving memory of Ray McGuigan who passed away May 1, 1967.

Often our thoughts do wander
To a grave not far away
Where they laid our Ray
Just one year ago today.

Always remembered by Edna, Dale, Arlene, Alex and granddaughters.

Blood was first transfused to a human in the 17th century. Animal blood was used and the patient died. As a result, the idea of transfusion was ab abandoned for the next 200 years. Today there is no substitute for transfusion therapy in many medical treatments.

"Does he have to wear that spooky mask?"

MOON LAKE NEWS

Mrs. Clara Bush and family spent the Easter holidays in Saskatchewan visiting her daughter, son-in-law and family, Mr. and Mrs. Bill Cheney.

On April 22nd District Deputy Grand Exalted Ruler Tom Mitchell and Provincial Chaplain Leo Jensen of the B.P.O. Elks travelled to Jasper for inspection of the B.P.O. Elks Lodge there.

The Moon Lake bingo April 25th was well attended. Mrs. Reta Huddleston of Wildwood had her chosen number drawn and it was called four times. Jackie Sanderson of Entwistle won the 10th game of $10 and Mrs. Setzer of Niton was the lucky winner of the blackout. Hope to see you folks on May 2nd at our bingo.

Spring Clean-up Bonfires

By A.E. Bridges
Alberta Fire Commissioner

Bon-fires are not always fun. Quite often little children start them when there are no adults at hand. I am speaking of bon-fires at this time in particular with relation to Spring clean-up.

Most cities and large towns don't permit any open burning. There is a good reason for this and certainly some past unfortunate experiences involving group fires could support this safety rule.

"Keep Spring clean-up safe by carefully controlling burning and discuss your clean-up plans with your fire chief," says the Alberta Fire Commissioner.
